Atherton MTB Adventure

A private mountain bike trip on the Atherton Tablelands. Ride independently with your group while MADMTB takes care of the agreed transport and shuttles.

5 days	4 nights	3 riding days

Monday | Cairns Airport to Atherton

Meet MADMTB at Cairns Airport. We'll transport your group, bikes and luggage to Atherton. Settle in, assemble your bikes and, if time allows, take an introductory ride such as the ELEV8 loop.

Tuesday | Atherton trails and shuttles

Start with a ride suited to your group at Atherton Forest Mountain Bike Park. Options include Ridgey Didge, Hack and Bandy Bandy. In your shuttle session, try descents such as Ricochet and Yahoo Wahoo.

Wednesday | Explore more of the network

Try Stairway to Heaven and Ricochet, or Top Deck and Yahoo Wahoo. Choose trails with your group and use your scheduled shuttle session to explore more of the park.

Thursday | Ride your favourites

Revisit your favourite trails or try a different loop. Make the most of your final shuttle session and leave time to pack your bikes for Friday.

Friday | Atherton to Cairns Airport

Check out and load your bikes and luggage for the return group transfer. Discuss flight times with MADMTB before booking flights so we can agree on a suitable pickup time.

What to plan for

The package includes one three-hour Atherton shuttle session on each riding day. Trail choices depend on conditions and access. Meals are at your own expense. Extra shuttle sessions, bike hire, evening transfers and transport to other riding locations are available by quote.
